PETITION UNDER 37 CFR §1.47(a)

S I R:

By this petition, acceptance of the above-referenced application made by the co-inventor, Erwin Oser, on behalf of himself and Michael Rannow (hereafter also referred to as "non-signing co-inventor"), is respectfully requested. A supporting Declaration executed by Mr. Erwin Oser is enclosed herewith.

The non-signing inventor's last known address is c/o Vacutec GmbH (bzw. Nero Energy GmbH), Max-Planck-Str. 11, 53577 Neustadt (Wied)-Fernthal, Germany. As stated in the attached supporting Declaration, the attempt to obtain the non-signing co-

inventor's signature included sending a letter by certified mail to this address with all of the application papers including:

- A copy of the International Application Publication No. WO 2005/061857 A1, based on International Application No. PCT/EP2004/053650,
- An English translation of the International Application No. PCT/EP2004/053650,
- A copy of the preliminary amendment concurrently filed with the English translation as the above-referenced U.S. national phase application, and
- A combined Declaration and Power of Attorney for signature by Michael Rannow.

The certified mail reached and was accepted by the non-signing co-inventor on November 3, 2006. Thus, it is clear that the non-signing co-inventor was presented with all of the application papers. In an e-mail dated November 6, 2006, the non-signing co-inventor expressed an unwillingness to cooperate in the matter of the above-referenced U.S. patent application. Furthermore, Mr. Erwin Oser has not yet received executed application papers from the non-signing co-inventor.

As described above and evidenced by the attached supporting Declaration, a *bona fide* attempt using diligent effort was made to obtain the signature of the non-signing co-inventor. Furthermore, the conduct of the non-signing co-inventor, as described in the attached supporting Declaration, clearly constitutes a refusal to sign the application papers.

Enclosed herewith is a check for \$200 for the petition fee required under 37 CFR 1.17(g). Any additional fees or charges required at this time in connection with the

application may be charged to our Patent and Trademark Office Deposit Account No. 03-2412.

In view of the above remarks and the attached supporting Declaration, granting of this petition is respectfully requested.

Respectfully submitted,

COHEN PONTANI LIEBERMAN & PAVANE LLP
